A PUBLIC WORKSHOP: “Creating a Landscape Vision for the Verde Valley”

6:00 to 8:30 pm, Thursday, November 8, 2007
Cottonwood Public Safety Building
199 South Sixth Street, Cottonwood, Arizona

Purpose: *Gain understanding of community values so that Prescott National Forest staff & Verde Valley citizens can work together to determine the direction of future Forest planning & find opportunities to contribute to achieving the community’s landscape vision.*

Objectives: *(1) Building on existing regional planning, create a community vision for the Verde Valley landscape, including social, economic & ecological factors; and (2) consider the role of the Prescott National Forest within that vision.*
